

**Properties and applications**

This elbow provides a method of diverting the 300mm duct system around objects. A cover (Part No: TC1279-305) is supplied. It can be used with a 300mm tee (Part No: TC1279-279A) to feed a duct at a 45° angle to the main system. The elbow can also be used in pairs to align ducts and other components with an offset. A slotless joiner (Part No: TC1279-287A) is used at each interface, to produce a smooth and strong joint. They are available separately.

**Benefits & features**

- Provides a 45° bend
- Includes cover (Part No: TC1279-305)
- Connects using slotless joiners (Part No: TC1279-287A); which are available separately
- Has reinforcing ribs for extra strength
- Tough, fire retardant material
- Purchase by the unit

**Material**

Fire retardant plastic, Halogen free, UL94-V0 rated

**Dimensions & weights**

**Weight:**  
450g

**Dimensions:**  
340mm (W) x 115mm (H) x 282mm (D)
